**New Patient Consent to the Use and Disclosure of Health Information
for Treatment, Payment, or Healthcare Operations**

I, _____, understand that as part of my health care, the Center originates and maintains paper and/or electronic records describing my health history, symptoms, examination and test results, diagnoses, treatment, and any plans for future care or treatment. I understand that this information serves as:

- A basis for planning my care and treatment,
- A means of communication among the many health professionals who contribute to my care,
- A source of information for applying my diagnosis and surgical information to my bill
- A means by which a third-party payer can verify that services billed were actually provided, and
- A tool for routine healthcare operations such as assessing quality and reviewing the competence of healthcare professionals

I understand and have been provided with a *Notice of Information Practices* that provides a more complete description of information uses and disclosures. I understand that I have the following rights and privileges:

- The right to review the notice prior to signing this consent,
- The right to object to the use of my health information for directory purposes, and
- The right to request restrictions as to how my health information may be used or disclosed to carry out treatment, payment, or health care operations

I understand that the Center is not required to agree to the restrictions requested. I understand that I may revoke this consent in writing, except to the extent that the organization has already take action in reliance thereon. I also understand that by refusing to sign this consent or revoking this consent, this organization may refuse to treat me as permitted by Section 164.506 of the Code of Federal Regulations.

I further understand that the Center reserves the right to change their notice and practices and prior to implementation, in accordance with Section 164.520 of the Code of Federal Regulations. Should the Center change their notice, they will send a copy of any revised notice to the address I've provided (whether U.S. mail or, if I agree, email).

I wish to have the following restrictions to the use or disclosure of my health information:

I understand that as part of this organization's treatment, payment, or health care operations, it may become necessary to disclose my protected health information to another entity, and I consent to such disclosure for these permitted uses, including disclosures via fax.

I fully understand and accept / decline the terms of this consent.

Agreement for Opioid Maintenance Therapy for Noncancer/Cancer Pain

The purpose of this agreement is to give you information about the medications you will be taking for pain management and to assure that you and your physician comply with all state and federal regulations concerning the prescribing of controlled substances. A trial of opioid therapy can be considered for moderate to severe pain with the intent of reducing pain and increasing function. The physician's goal is for you to have the best quality of life possible given the reality of your clinical condition. The success of treatment depends on mutual trust and honesty in the physician/patient relationship and full agreement and understanding of the risks and benefits of using opioids to treat pain.

1. You should use one physician to prescribe and monitor all opioid medications and adjunctive analgesics.
2. You should use one pharmacy to obtain all opioid prescriptions and adjunctive analgesics prescribed by your physician.

Pharmacy : _____ Phone number: _____

3. You should inform your physician of all medications you are taking, including herbal remedies, since opioid medications can interact with over-the-counter medications and other prescribed medications, especially cough syrup that contains alcohol, codeine or hydrocodone.
4. You will be seen on a regular basis and given prescriptions for enough medication to last from appointment to appointment, plus usually two to three days extra. This extra medication is not to be used without the explicit permission of the prescribing physician unless an emergency requires your appointment to be deferred one or two days.
5. Prescriptions for pain medicine or any other prescriptions will be done only during an office visit or during regular office hours. No refills of any medications will be done during the evening or on weekends; and also Thursday and Friday.
6. You must bring back all opioid medications and adjunctive medications prescribed by your physician in the original bottles.
7. You are responsible for keeping your pain medication in a safe and secure place, such as a locked cabinet or safe. You are expected to protect your medications from loss or theft. Stolen medications should be reported to the police and to your physician immediately. If your medications are lost, misplaced or stolen, your physician may choose not to replace the medications or to taper and discontinue the medications.
8. You may not give or sell your medications to any other person under any circumstances. If you do, you may endanger that person's health. It is against the law.
9. Any evidence of drug hoarding, acquisition of any opioid medication or adjunctive analgesia from other physicians (which includes emergency rooms), uncontrolled dose escalation or reduction, loss of prescriptions, or failure to follow the agreement may result in termination of the doctor/patient relationship.
10. You will communicate fully to your physician to the best of your ability at the initial and all follow-up visits your pain level and functional activity level along with any side effects of the medications. This information allows your physician to adjust your treatment plan accordingly.
11. You should not use any illicit substances, such as cocaine, marijuana, etc. while taking these medications. This may result in a change to your treatment plan, including safe discontinuation of your opioid medications when applicable, or complete termination of the doctor /patient relationship.
12. The use of alcohol and opioid medications is contraindicated.
13. You agree and understand that your physician reserves the right to perform random or unannounced urine drug testing. If requested to provide urine sample, you agree to cooperate. If you decide not to provide a urine sample, you understand that your doctor may change your treatment plan, including safe discontinuation of your opioid medications when applicable, or complete termination of the doctor/patient relationship. The presence of a non-prescribed drug(s) or illicit drug(s) in the urine can be grounds for termination of the doctor/patient relationship. Urine drug testing is not forensic testing, but is done for your benefit as a diagnostic tool and in accordance with certain legal and regulatory materials on the use of controlled substances to treat pain.
14. There are side effects with opioid therapy, which may include, but not exclusively, skin rash, constipation, sexual dysfunction, sleeping abnormalities, sweating, edema, sedation or the possibility of impaired cognitive (mental status) and/or motor ability. Overuse of opioids can cause decreased respiration (breathing).
15. Physical dependence and/or tolerance can occur with the use of opioid medications.
Physical dependence means that if the opioid medication is abruptly stopped or not taken as directed, a withdrawal symptom can occur. This is a normal physiological response. The withdrawal syndrome could include, but not exclusively, sweating, nervousness, abdominal cramps, diarrhea, goose bumps, and alterations in one's mood.
It should be noted that physical dependence does not equal addiction. One can be dependent on insulin to treat diabetes or dependent on prednisone (steroids) to treat asthma, but one is not addicted to the insulin or prednisone.
Addiction is a primary, chronic neurobiologic disease with genetic, psychosocial and environmental factors influencing its development and manifestation. It is characterized by behavior that includes one or more of the following: impaired control over drug use, compulsive use, continued use despite harm, and cravings. This means the drug decreases one's quality of life.
Tolerance means a state of adaptation in which exposure to the drug induces changes that result in diminution of one or more of the drug's effects over time. The dose of the opioid may have to be titrated up or down to a dose that produces maximum function and a realistic decrease of the patient's pain.
16. If you have a history of alcohol or drug misuse/addiction, you must notify the physician of such history since the treatment with opioids for pain may increase the possibility of relapse. A history of addiction does not, in most instances, disqualify one for opioid treatment of pain, but starting or continuing a program for recovery is a must.
17. You agree to allow your physician to contact any healthcare professional, family member, pharmacy, legal authority, or regulatory agency to obtain or provide information about your care or actions if the physician feels it is necessary.
18. You agree to a family conference or a conference with a close friend or significant other, if the physician feels it is necessary.

I have read and agreed to the above terms. I understand that this agreement is necessary so that my physician can provide quality pain management using opioid therapy to decrease my pain and increase my function. Furthermore, my physician might not continue to treat me should I violate this agreement.

Seasonal/environmental allergies (e.g. hay fever, perfumes, etc.)	No	Yes	Don't know	_____
Any foods, such as eggs, milk, or chocolate (please specify).....	No	Yes	Don't know	_____

REVIEW OF SYSTEMS:

Do you have, or have you had, any of the following:

9. General:

Recent weight gain	No	Yes
Have you been in good general health.....	No	Yes

10. Skin:

Acne.....	No	Yes
Dry skin/itching	No	Yes
Eczema.....	No	Yes
Rash	No	Yes

11. Head-Eyes-Ears-Nose-Throat:

Blurry vision/double vision (please specify)	No	Yes
Cataracts	No	Yes
Contact lenses/glasses (please specify).....	No	Yes
Dizziness.....	No	Yes
Ear problems (drainage, earache, etc.).....	No	Yes
Eye problems (drainage, infection, etc.)	No	Yes
Hearing loss	No	Yes
Loss of balance	No	Yes
Neck stiffness.....	No	Yes

12. Breast:

Discharge.....	No	Yes
Infection.....	No	Yes
Mass/lump	No	Yes
Surgery	No	Yes

13. Cardiac:

Angina	No	Yes
Cardiac surgery.....	No	Yes
Chest pain	No	Yes
Murmur.....	No	Yes
Palpitations	No	Yes
Shortness of breath	No	Yes
Swelling of extremities (arms/legs)	No	Yes

14. Pulmonary:

Asthma.....	No	Yes
Frequent cough.....	No	Yes
Pain with breathing	No	Yes
Wheezing	No	Yes

15. Gastrointestinal:

- Abdominal pain No Yes
- Appetite change No Yes
- Blood in stool..... No Yes
- Change in bowel habits..... No Yes
- Constipation No Yes
- Diarrhea No Yes
- Gallbladder problems..... No Yes
- Indigestion/heartburn No Yes
- Hemorrhoids or piles No Yes
- Nausea/vomiting No Yes
- NSAID intolerance No Yes
- Rectal bleeding No Yes
- Ulcers No Yes

16. Urologic:

- Dribbling No Yes
- Dysuria (pain or burning with urination) No Yes
- Frequency No Yes
- Incontinence No Yes
- Hematuria (blood in urine) No Yes
- History of stones No Yes
- Infection No Yes
- Nocturia (night time urination) No Yes
- Stress incontinence No Yes
- Urgency No Yes

17. Ob-Gyn:

- # of pregnancies _____ # of miscarriages _____
- Date of last Pap smear _____
- Results (negative or positive) _____
- Frequency of periods, every _____ days
- Any pain with periods No Yes
- Menopausal..... No Yes
(if yes, at what age _____)

18. Musculoskeletal:

- Any other problems other than your reason.....
- For your visit today No Yes
- IF YOU ANSWERED "YES" PLEASE SPECIFY BELOW:**
- Arthritis..... No Yes
- Joint pain..... No Yes
- Joint swelling..... No Yes
- Osteopenia No Yes
- Rheumatoid arthritis No Yes
- Other pains/problems..... No Yes
- Please specify below:.....
-
-
-
-

19. Neurological:

- Dizziness/fainting spells..... No Yes
- Headaches..... No Yes
- Loss of consciousness..... No Yes
- Memory loss No Yes
- Paralysis No Yes
- Seizures No Yes

20. Vascular:

- Abnormal bleeding or bruising..... No Yes
- Aneurysm No Yes
- Are you a Jehovah's Witness No Yes
- Phlebitis No Yes
- Varicose veins No Yes

21. Endocrine:

- Blood transfusion..... No Yes
- Hormone therapy No Yes
- Thyroid problems No Yes
- Varicose veins No Yes

22. Immune System:

- AIDS..... No Yes
- Diabetes No Yes
- History of infections No Yes
- Immunosuppressive disorders No Yes

23. Surgery:

- Anesthetic allergy/problem No Yes
- Iodine allergy..... No Yes
- Postoperative infections/complications No Yes
- Suture reaction..... No Yes
- Tape allergy..... No Yes
- Severe nausea/vomiting after general anesthesia No Yes
- Waking-up problem after anesthesia No Yes

Any other information we should be aware of:

Thank you for filling out the questionnaire. It will assist us in providing the best care to you.
